OLIVER MUNICIPAL CEMETERY, OLIVER, BC

©(Published in BC Genealogist, Summer 1977, Volume 6, Number 2, p 18-20 © BCGS)

This record represents about 16 blocks of 16 plots each. Not by any means filled – to the left or west of the cemetery gate. This land was first to be used when the cemetery was first opened, about was later found to be a gravel bar and very difficult to dig graves without subsidence, so while many of the graves (and reservations) of older residents are located in this section, many others are in the north east corner of the 10 acre site, which will be done later.

Recorded by Mrs. Pamela Field and G. Roberts, April 21, 1975.
